

Collaborative Tables

Collaborate around a shared display

The **zioxi** range of collaborative tables enable active team working around a shared display screen, using participants BYOD laptops and tablets with either wired or wireless device AV connections. Perfect for TEAL spaces.

Key features:

- Any display screen with a VESA mount up to 400 x 200 can be supported
- 6U AV & PC secure storage tray with optional sloping face for control panel mounting
- A range of shapes and sizes with collaborative table designs to support from 5 students and team members upwards (and there's always the option of using our modular components to design a bespoke solution)
- Compact laminate or wood worksurface with a wide range of available colours and finishes
- Mains & USB power sockets provided in the centre of the table using the **zioxi** powerDome and captive HDMI, VGA and/or USB cables presented to the table surface using the **zioxi** cableRing. Or there is the flexibility to accommodate a wide variety of alternative table top power and data solutions
- All cabling is hidden within the built-in cable management
- Bespoke solutions available so please get in touch to discuss your requirements

CT-PC-CF-2114-AV		Collaborative table (Plectrum) for up to 6 people, column, 6U AV storage, powerDome & cableRing	210L x 140W x 74H
CT-PC-CF-2114-AVP		Collaborative table (Plectrum) for up to 6 people, column, 6U AV storage & panel mount, powerDome & cableRing	210L x 140W x 74H

AV & PC Storage & Panel Mount

Shield

Construction & Finishes	Aluminium & steel frame, powder coated in white as standard. Top in a choice of compact laminate or wood. Choice of colours & finishes also available for tops and leg columns (white as standard). Tables can be easily colour coded by using different monitor column top colours.
Display mounting	Standard VESA mounting positions from 70 x 70 up to 400 x 200 (mm) are supported. <i>(Display or monitor not included).</i>
Power supply	Requires mains power sockets. UK, EU & most other country socket & lead options available.
Warranty	5 years for Collaborative Table, 2 years or as per manufacturer's warranty for electronics

Power & data options

powerDome & cableRing

powerDome & wireless AV

Cable cubby

powerDome	zioxI powerDome with 2 mains & 2 USB sockets (1 type A + 1 type C)
cableRing	zioxI cableRing with 4 ports for neatly providing cables to the table surface. Cables are manually extracted and hidden away. Suitable for HDMI, VGA, USB and all other cables upto 6mm diameter (other sizes on request). Excess cable lengths are hidden within the table leg column when not extracted. <i>(Cables not included)</i>
AV Storage	6U AV & PC equipment storage capacity is provided as standard within the under top storage tray. Removable panels provide excellent access to both sides of any equipment. Optional cut outs in access panels can be provided to reveal buttons and ports if required.
Control panel & data ports	Optional sloping panel mount (-AVP models) for fitting AV control panels and/or mounting data ports.
Power & data distribution	Any power or data distribution within the table is not provided as standard but can be provided on request.
	<i>The zioxI Collaborative tables are designed to accommodate a wide array of AV solutions, so please get in touch to discuss your requirements and we will do our best to help.</i>
